-Sri Swami Satchidananda
We want you to become part of our worldwide high vibe Alchemy of Yoga Family. We are a tribe. We are seekers, adventurers, lovers of love, rebel spirits, stretchy-minded, soulful spirits. We enjoy supporting one another, laughter, organic food, dancing in the moonlight, lounging in the hot tub under the stars, playing in the pool, silent meditation hikes, taking naps & enthusiastic conversation about elevating the world.

In our intimate Kula (community of the heart), we will hold space for you to delve into the deepest study of who you are so you can live Your happiness in a big way. More than simply mastering some yoga poses (though you will accomplish this), we want to see you become more self-aware and self-confident in your dharma (life’s purpose). This is the part where you find out who you are.

**Who are we to you?** Our teaching intention is to serve you as a compassionate mentors who inspires honest self inquiry and ultimate transformation. This goes way beyond just teaching: Mentoring means we offer the opportunity to remain supportive of your growth now and forever.

**How do we teach?** We do not follow an authoritarian model of teaching where we just tell you what to do. Instead, we want you to learn to really listen to your feelings, pay attention to your body and discern for yourself what supports your authenticity.

**How does the Alchemy of Yoga work?** It transforms us on three levels: Physical Alchemy, Spiritual Alchemy, and Mental Alchemy. For us as Alchemist Yogis our laboratory is our mat and the ingredients are our bodies, poses, breath, thoughts and the mixing it all together changes our life. Happiness remains our natural alchemy.

We know picking a Yoga School is hard. If our philosophy and approach resonates with you then apply today and let’s talk more to know for sure. We’d love the opportunity to be part of your soul journey!

The Bodhi Tree Yoga Resort was creatively designed around nature, leaving the surrounding jungle as it was meant to be. We strived to preserve the jungle’s natural state leaving the impression that Bodhi Tree Yoga Resort has been here for many years. Solar panels are responsible for utilizing the sun to heat all the hot water needed for the facility. Bodhi Tree will always work towards being as environmentally friendly as possible.

Being aware of our water usage is important in Costa Rica. Long dry winters use up the aquifers storage making it even more important for water management. Here at Bodhi Tree, we take this very seriously and every drop of water goes to use on our grounds. Bodhi Tree has built its own water treatment plant so no water is wasted. This water is used to irrigate the gardens keeping everything green without draining subcutaneous water supplies.

We are very proud to be a plastic free facility. Along with our community we have taken an aggressive stand on keeping our environment clean and healthy. We encourage every guest to join us in doing our part in Keeping Costa Rica Plastic Free. Through education and consistent effort we are working to make Bodhi Tree a consciously green resort.
Nosara is located in the beautiful province of Guanacaste in the Nicoya Peninsula of Costa Rica. Nicoya is considered one of the Blue Zones areas where cultures have evolved to prolong the longevity of human life.

Despite having one of the last locations with unpaved roads in the country, Nosara’s wonderful lack of development directly on the beach makes it special. Known as one of the most sophisticated beach towns in Costa Rica, this small but special town has a lot to offer. This area has a huge passion for the protection of the national parks system which makes the place unique for its hundreds of acres of protected forest.

Being woken up by monkeys; eating healthy and real food, playing outside, enjoying wonderful bilingual private school options and learning to respect different cultures, the children grow up with a real sense of life.

Yoga & Surfing culture is huge and a significant component of this town. You will see that people are either carrying a surf board or a yoga mat in their arms. There are a variety of fitness options all over town. There are plenty of adventure activities around like ATV tours, Zip Lining, Horseback Riding, Stand Up Paddling, Kayak and much more.

FAQ

When does the training start?
July 29th

When do I book my flight home?
August 19th

Is there more than one teacher?
Yes, both Silvia Mordini and Emily Perry will be leading this training.

How do I know if I'm ready? If you feel inspired to share what you know about how yoga has changed your life then that is one indication that you are ready. We will talk to you and help ask you great questions to help you know for yourself what your heart is saying.

What if I don't want to teach? We offer two tracks of study. 1 is for those interested in going deeper into their own self-study with no intention to teach. The other for those that are looking to use this self-study combined with formal certification to teach publicly.

What if I DO want to teach--will this training prepare me? We have a 10 year proven track record of giving you the tools, the guidance and the practical experience to teach with your own authentic voice. We offer you the opportunity to learn how to adapt the practice for every student using an open system of yoga.

I've been teaching already for a while and need to be sure that this training is going to cover something above and beyond the trainings I've already done. Can you tell me more about the content? Take a look at our Syllabus page for details. And email us and we'll be happy to go over more detail. About 30% of the students that do our program have already completed another formal teacher training program. They have said over and over how much deeper our program takes you from day 1.
Please include: name, emergency contact, address, city/state, zip, day/night phone, cell phone, and email address.

Step 1: Please tell us more about your yoga practice

• How long have you been taking yoga classes and/or practicing?
• Who have been your most influential teachers and why?
• List any trainings, intensives, or retreats attended and why?
• What style(s) of yoga do you practice?
• How often and how long do you practice?

Step 2: Why do you want to take this program?

• Why do you want to be a certified yoga teacher?
• What are your expectations for the training? What do you hope to gain, learn, or improve?
• Do you teach yoga now? If so, please describe in detail.
• If you plan on teaching after completing the program, why do you want to teach yoga?

Step 3: What does yoga mean to you?

• Describe how your life has been impacted by practicing yoga.
• Tell us about your hobbies, interests, community service, etc.
• Describe your physical health (major illnesses, surgeries, physical conditions).
• Tell us about your emotional and mental health
• Do you have a support network of friends or therapist?
• Does your family support this journey you’ve decided to take?
• This program requires a significant time commitment. Do you have any other major commitments (grad school, 2 jobs, etc.) that would prevent you from participating fully?

Born in Los Angeles, Emily came into contact with yoga and pilates as a dancer in L.A. and Santa Monica. It wasn’t until college in upstate New York, however, that the practice of yoga and meditation found her. She discovered yoga around the same time she started practicing Zen meditation. It was a book called “Light on Yoga,” that really hooked her, as she found it to be an amazing manual for living a joyful, healthy, peaceful life.

During that same time Emily began studying herbalism with Native American healers, and soon found a calling to study Chinese Medicine and holistic health. Eventually, when she returned to Los Angeles, she dove into vinyasa flow yoga during its early stages, and felt immediately at home. Emily has studied with Janet Stone, Jody Greene, Christina Sell, Mark Stephens and others in the vinyasa tradition, and still continues her meditation practice she began back in 1994.

Her yoga practice has carried her through Acupuncture school, two pregnancies, and has become the heart of her everyday life. Emily eventually left her Acupuncture practice as teaching became a full time offering. Now, as a wife and mother with two kids, Emily is based in Santa Cruz, California, while offering immersions, retreats and trainings internationally.

Emily currently teaches Bhakti Power Vinyasa and Transformative Flow, trains students in her Transformative Yoga Flow Teacher Training program, and mentors teachers and coaches students in her INNER SHIFT transformative coaching program. You can often find her on the mat when she’s not out surfing with the kids, hiking in the redwoods with the dog, or at home cooking plant-based meals.

How I Teach? Weaving together five element theory, energetic alignment, and non-dual philosophy, my vinyasa flow classes explore energetics, mudra, chanting, and pranayama.”
